

Information & protest rally for equal treatment. Against the 95dB regulation. Against motorcycle roadblocks.

No more locking out motorcyclists, while transport by car, plane and train pushes millions of other leisure travelers through burdened settlement areas!

“Motorcyclists need a strong united front against unequal treatment. And for having our civil rights respected. We are legal tourists, not criminals” - Regina Stiller, Bikers' Voice.

Program & Lecturers

- **What has Bikers' Voice achieved**

Regina Stiller & Thomas Schluet, motorcyclists, founders of Bikers' Voice
